

WE CARE ABOUT HYDRAULICS ... SINCE 1985

REM-B HYDRAULICS, located in Beerse, specialises in repairing, distributing and servicing of all hydraulic material. **REM-B HYDRAULICS** has more than **30 years of experience** (established in 1985) and can therefore guarantee unparalleled technological expertise and knowledge of the hydraulic market.

A team of 50 motivated employees will always do their utmost to give you a quick, efficient solution and this at a competitive price. Rest assured that your hydraulic pump, motor, cylinder or valve is in the hands of skilled experts at **REM-B HYDRAULICS**.

REM-B HYDRAULICS is fully brand independent. We are convinced that we can best serve our customers in this way.

Our focus is mainly on leading premium brands: **BOSCH REXROTH**, **EATON VICKERS**, **ENERPAC**, **KAWASAKI STAFFA**, **LINDE**, **PARKER**, **DANFOSS** AND **POCLAIN**.

CYLINDER REPAIR AND SALES

REM-B HYDRAULICS, the reference for hydraulic cylinders

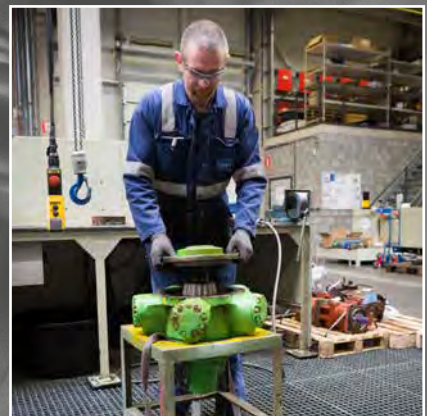

REM-B HYDRAULICS specialises in the repair, overhaul and sales of a wide range of hydraulic cylinders: from small, standard cylinders to very large and complex models.

We can call upon many years of experience and the required installations to carry out high-quality services efficiently.

- ▶ Large selection of machinery: conventional lathes, honing machines and CNC-controlled workstations
- ▶ Unique clamp and tilt system ensures faster delivery times
- ▶ Both small and large dimensions and large volumes
- ▶ Lengths up to 10 m, diameters up to 1000 mm and weights up to 18 tonnes
- ▶ State-of-the-art test rig
- ▶ New cylinders

PUMP AND MOTOR REPAIR

REM-B HYDRAULICS: high-quality repair of hydraulic pumps and motors

REM-B HYDRAULICS is extremely well equipped for repairing a wide range of original hydraulic pumps and motors. We have the required machines for cleaning, mechanically machining and installing components.

All repaired pumps and motors are tested in accordance with the factory specifications. REM-B HYDRAULICS has designed and installed state-of-the-art testing facilities. This gives you the reassurance that you will always be returned your material in top condition.

- ▶ Repair of all brands
- ▶ Fast turnaround times
- ▶ Wide stock of original spare parts
- ▶ Ultra modern test stands

VALVE REPAIR AND OVERHAUL

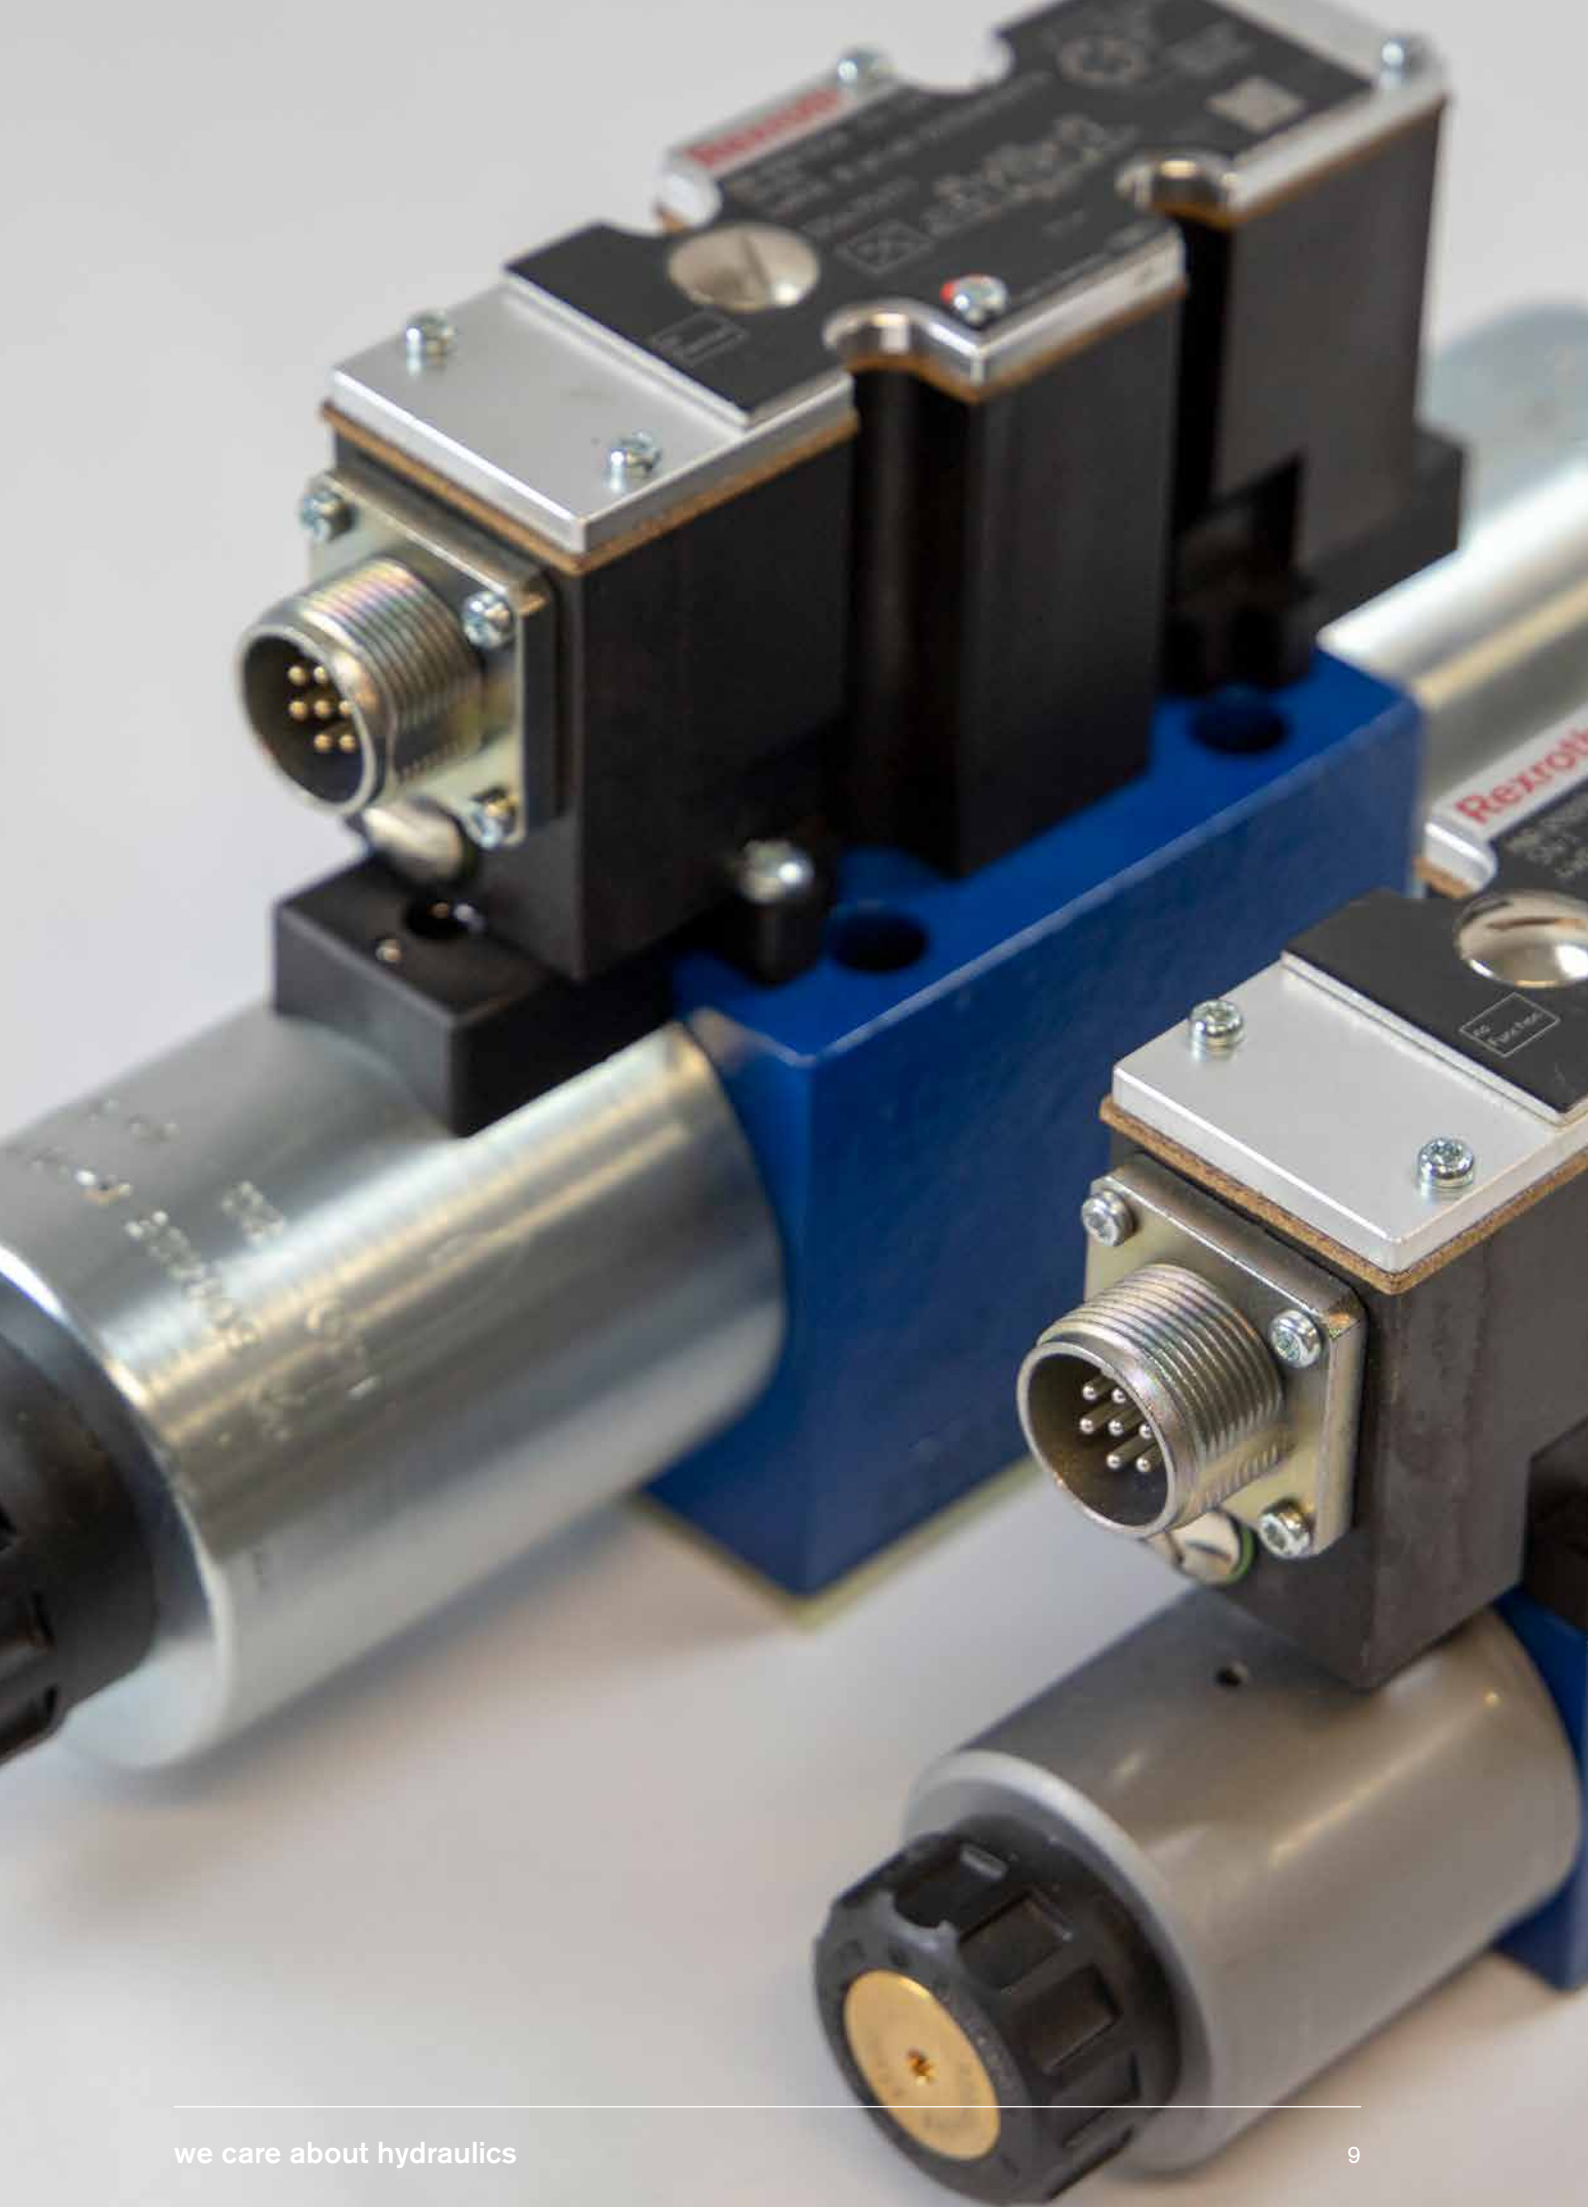

REM-B HYDRAULICS: the benchmark for the repair of all your hydraulic valves

Regardless of what is wrong with your hydraulic valves, we guarantee a correct processing of all repairs. REM-B HYDRAULICS has the required analysis and test equipment and we can therefore overhaul and test an extensive range of proportional, conventional and servo valves. You will also enjoy a short repair waiting time.

Every repaired valve is tested on our computer-driven test rig in accordance with the factory specifications. REM-B HYDRAULICS delivers every repaired valve with a test certificate. This gives you the reassurance that your valve has been perfectly repaired every time.

- ▶ All types of hydraulic valves: proportional, conventional and servo valves
- ▶ BOSCH REXROTH, PARKER, EATON VICKERS AND MOOG
- ▶ Modern, computer-driven test rig
- ▶ Modular proportional valve blocks in partnership with AMCA

SERVICE, MAINTENANCE AND OIL MANAGEMENT

REM-B HYDRAULICS: the standard for hydraulic service

REM-B HYDRAULICS has a field service department with more than ten standardised and up-to-date equipped service vehicles. Regardless of the technical issue that is affecting your hydraulic pumps, cylinders or valves, our experts will know what to do.

Fast interventions or long maintenance contracts can be performed by our hydraulic experts at your site. Large components can be disassembled on site quickly, then repaired at our workshops and, finally, again reinstalled at your site. And this, without any effort from your side! We will pick up the hydraulic material from your site and deliver it back to you. This is the service that REM-B HYDRAULICS offers.

We can also offer a wide range of hydraulic hoses and couplings. Hydraulic hoses will be assembled professionally with our modern machinery. We assemble hydraulic hoses for various industries. Our experts will gladly help you with the assembly of a specific hydraulic hose.

Due to the ever increasing need for a faster service, we can offer a contractual 24-hour service in which interventions can be made 24/7 wherever you want. If you wish, we connect you with long-term maintenance contracts.

Our experts can also come to your site for an extensive oil analysis and management. Contaminated oil is, in many cases, one of the reasons that you experience mishaps in relation to your system and the resulting related machine shutdowns. Good oil management and the follow-up thereof will ensure less wear to the components and less shutdowns and thus the related costs will be kept at a minimum.

- ▶ Extensive vehicle fleet
- ▶ Mobile equipment: test units, water separators, particle counters, oil filtration units and much more.
- ▶ Full hydraulic service
- ▶ 24/7 contractual availability of an engineer
- ▶ Shutdown supervision and support
- ▶ Maintenance planning
- ▶ Oil analysis and management
- ▶ Machinery follow-up

PROJECTS AND ENGINEERING

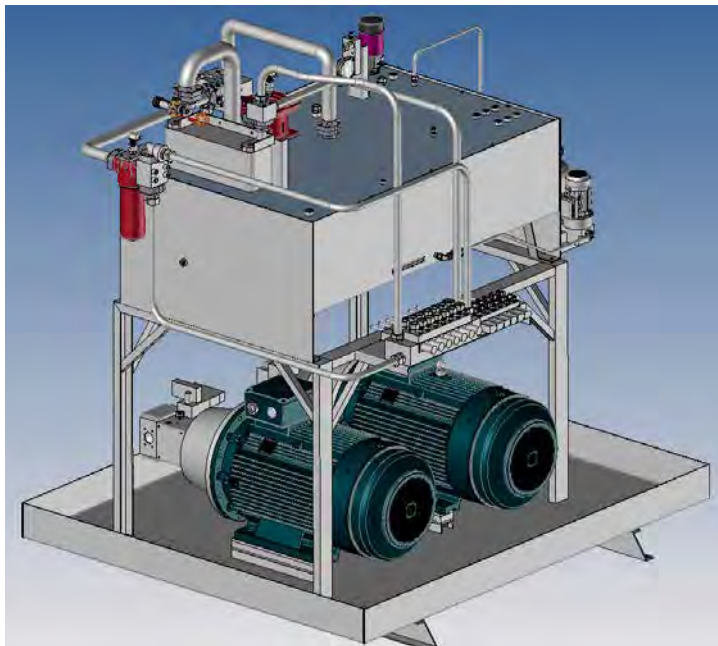

REM-B HYDRAULICS, your partner for hydraulic projects

We thrive in relation to projects, the field where all competences come together.

REM-B HYDRAULICS implements them for all industrial, marine and mobile sectors.

The perfect synergy between our people and partners ensures that REM-B HYDRAULICS can realise a wide range of projects.

- ▶ Custom-built applications
- ▶ System modifications and updates
- ▶ Turnkey solutions
- ▶ Contractor accreditation of public works up to EUR 500,000
- ▶ VCA** certified (Safety Checklist Contractors- SCC)
- ▶ Custom-made hydraulic pipework

HYDRAULIC HIGH-PRESSURE TOOLS

REM-B HYDRAULICS is your partner for all hydraulic high-pressure lifting, hoisting and bolting applications

REM-B HYDRAULICS has been taking care of the service, repair and supply all your all your high-pressure lifting, jacking and bolting applications for more than 15 years now.

- ▶ Official ENERPAC dealer
- ▶ Authorised ENERPAC service centre
- ▶ Sales, rental and repair of all high-force equipment
- ▶ Bolting: calibrating, advising, demonstrating and testing
- ▶ Repair of all hydraulic high-pressure tool brands: EURO-PRESS, HI-FORCE, HOLMATRO, POWER TEAM, YALE, etc.
- ▶ Calibration of all hydraulic torque spanner brands
- ▶ Range of Simplex MECHANICAL jacks
- ▶ Contact us for a visit of the ENERPAC Demo van!

SALE OF HYDRAULIC PARTS AND COMPONENTS

REM-B HYDRAULICS: all top brands under one roof!

REM-B HYDRAULICS has been specialized in distributing hydraulic material for more than 30 years now.

We have a very large stock of both original spare parts and complete components of premium brands.

REM-B HYDRAULICS ships its products to satisfied customers worldwide every day.

We can definitely provide what you need. Our sales team of product specialists will answer your questions quickly and efficiently.

- ▶ Complete units and spare parts of the following premium brands:
BOSCH REXROTH, EATON VICKERS, ENERPAC, KAWASAKI STAFFA,
LINDE, PARKER, DENISON, CALZONI, DANFOSS, POCLAIN, LIEBHERR,
ENERPAC, etc.
- ▶ Modern logistics department
- ▶ We export to more than 50 countries
- ▶ Wide range of products in stock
- ▶ BOSCH REXROTH, EATON VICKERS, KAWASAKI, HYDAC and ENERPAC
can be supplied from stock!
- ▶ Fast replies
- ▶ Experienced team of multilingual product experts
- ▶ Focus on original components and parts.

BOSCH REXROTH

REM-B HYDRAULICS has specialised for many years now in the sale of hydraulic pumps, motors, valves and spare parts of one of the world's leading brands: BOSCH REXROTH.

After 30 years of close cooperation with one of the market leaders in Hydraulics, Bosch Rexroth products have no more secrets for REM-B HYDRAULICS.

That is why we can guarantee a smooth, detailed and fast service.

- ▶ Extensive product knowledge of the full range
- ▶ Both with regard to the new and the old generation of components
- ▶ Large stock of original spare parts
- ▶ Extensive stock of original complete pumps and motors – A10V, PV7, A2FM, A2FO and many more
- ▶ Directional and proportional valves in stock
- ▶ International network of contacts. We will always find the fastest possible solution for you.

EATON

VICKERS, CHAR-LYNN, AEROQUIP, WALTERSCHEID AND HYDROKRAFT

REM-B HYDRAULICS: together with EATON, a pioneer in hydraulics

REM-B HYDRAULICS has dedicated itself to the sale of pumps, motors, valves and spare parts of one of the pioneers in hydraulics for many years: EATON.

We have an extensive stock of both current and old references to ensure we can assist our customers quickly. As an alternative to the original new products that we supply, we are also building a range of original REMANUFACTURED products. These components meet the highest of quality requirements and are supplied with the same guarantee terms and conditions as original new products.

- ▶ Official EATON HYDRAULICS dealer
- ▶ Extensive product knowledge of the full range
- ▶ Large number of new and remanufactured pumps, motors and valves can be supplied from stock
- ▶ Both current and old generation components
- ▶ Extensive stock of spare parts
- ▶ International network of contacts
- ▶ Remanufactured delivery programme

EATON

HYDROKRAFT™

Aeroquip®

WALTERSCHEID

PARKER

REM-B: your supplier for a wide range of PARKER HANNIFIN products!

Parker specialises in drive & control technologies and in precise engineering solutions.

REM-B HYDRAULICS focuses on the hydraulic PARKER range:

This includes pumps, motors, cylinders, filters, coolers and all types of traditional hydraulic system components (valves, accumulators, etc.)

- ▶ Authorised seller of hydraulic PARKER products
- ▶ Sales, repairs and technical support
- ▶ Pumps, motors, cylinders, filters, coolers, valves, accumulators and much more
- ▶ PARKER, DENISON, CALZONI, OLAER, OILTECH, etc.
- ▶ Filtration, oil monitoring and conditioning

KAWASAKI STAFFA

REM-B HYDRAULICS moves forward with KAWASAKI!

REM-B HYDRAULICS is, as an official dealer, your partner for the service and supply of all KAWASAKI STAFFA pumps and motors.

KAWASAKI's products are well-known worldwide for their power, efficiency, quality and reliability.

KAWASAKI has mainly made a name for itself with its motors for marine applications and high-pressure pumps for excavators. However, now Kawasaki products can be deployed in all industrial, marine, mobile and other sectors where there is a need for high performance and reliability.

- ▶ Official KAWASAKI STAFFA dealer
- ▶ Sales and repairs
- ▶ Extensive stock of high-pressure 45 to 200 cc per stroke pumps
- ▶ Pump and motor spare parts supplied from stock

ENERPAC

REM-B HYDRAULICS and ENERPAC: we can lift you to a higher level!

REM-B HYDRAULICS is, as the largest ENERPAC dealer in Belgium and Luxembourg, your preferred partner for all hydraulic lifting, hoisting, and bolting applications. The high-quality ENERPAC brand is the reference in these domains.

- ▶ Official ENERPAC dealer
- ▶ Authorised ENERPAC service centre
- ▶ Extensive stock of ENERPAC components and spare parts
- ▶ Contact us for a visit of the ENERPAC Demo van!

OTHER PREMIUM BRANDS: AVENTICS, HYDAC, LIEBHERR, POCLAIN, RACINE, SAUER DANFOSS, ETC.

REM B HYDRAULICS, focus on premium brands

REM-B HYDRAULICS focuses on premium brands as a quality supplier. We have built up a treasure trove of information, knowledge and contacts due to our many years of working together with reputable and leading suppliers. We like our loyal customers to benefit from this too.

Our own requirements with regard to service and maintenance are the reason for our generous stock levels with regard to critical components. The demand for these products is continuously growing and we have therefore expanded this range and have made it available for purchase by our customers. Our most current

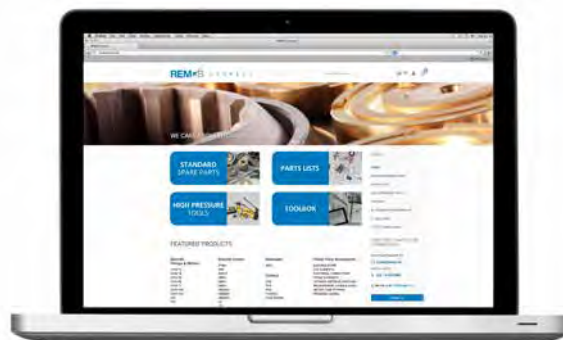

- ▶ Considerable product knowledge and experience
- ▶ AVENTICS, HYDAC, LIEBHERR, POCLAIN, RACINE, SAUER DANFOSS, etc.
- ▶ International network of contacts
- ▶ AVENTICS distributor for Belgium

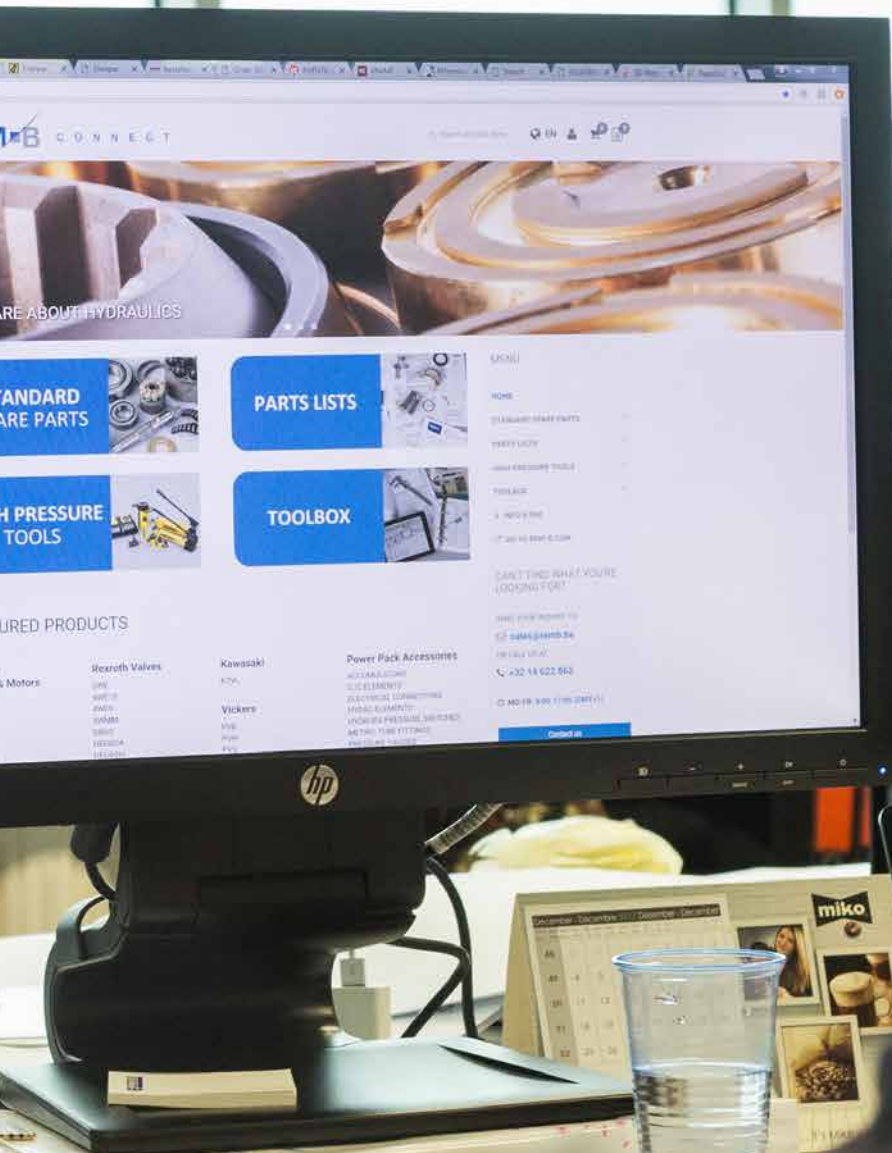

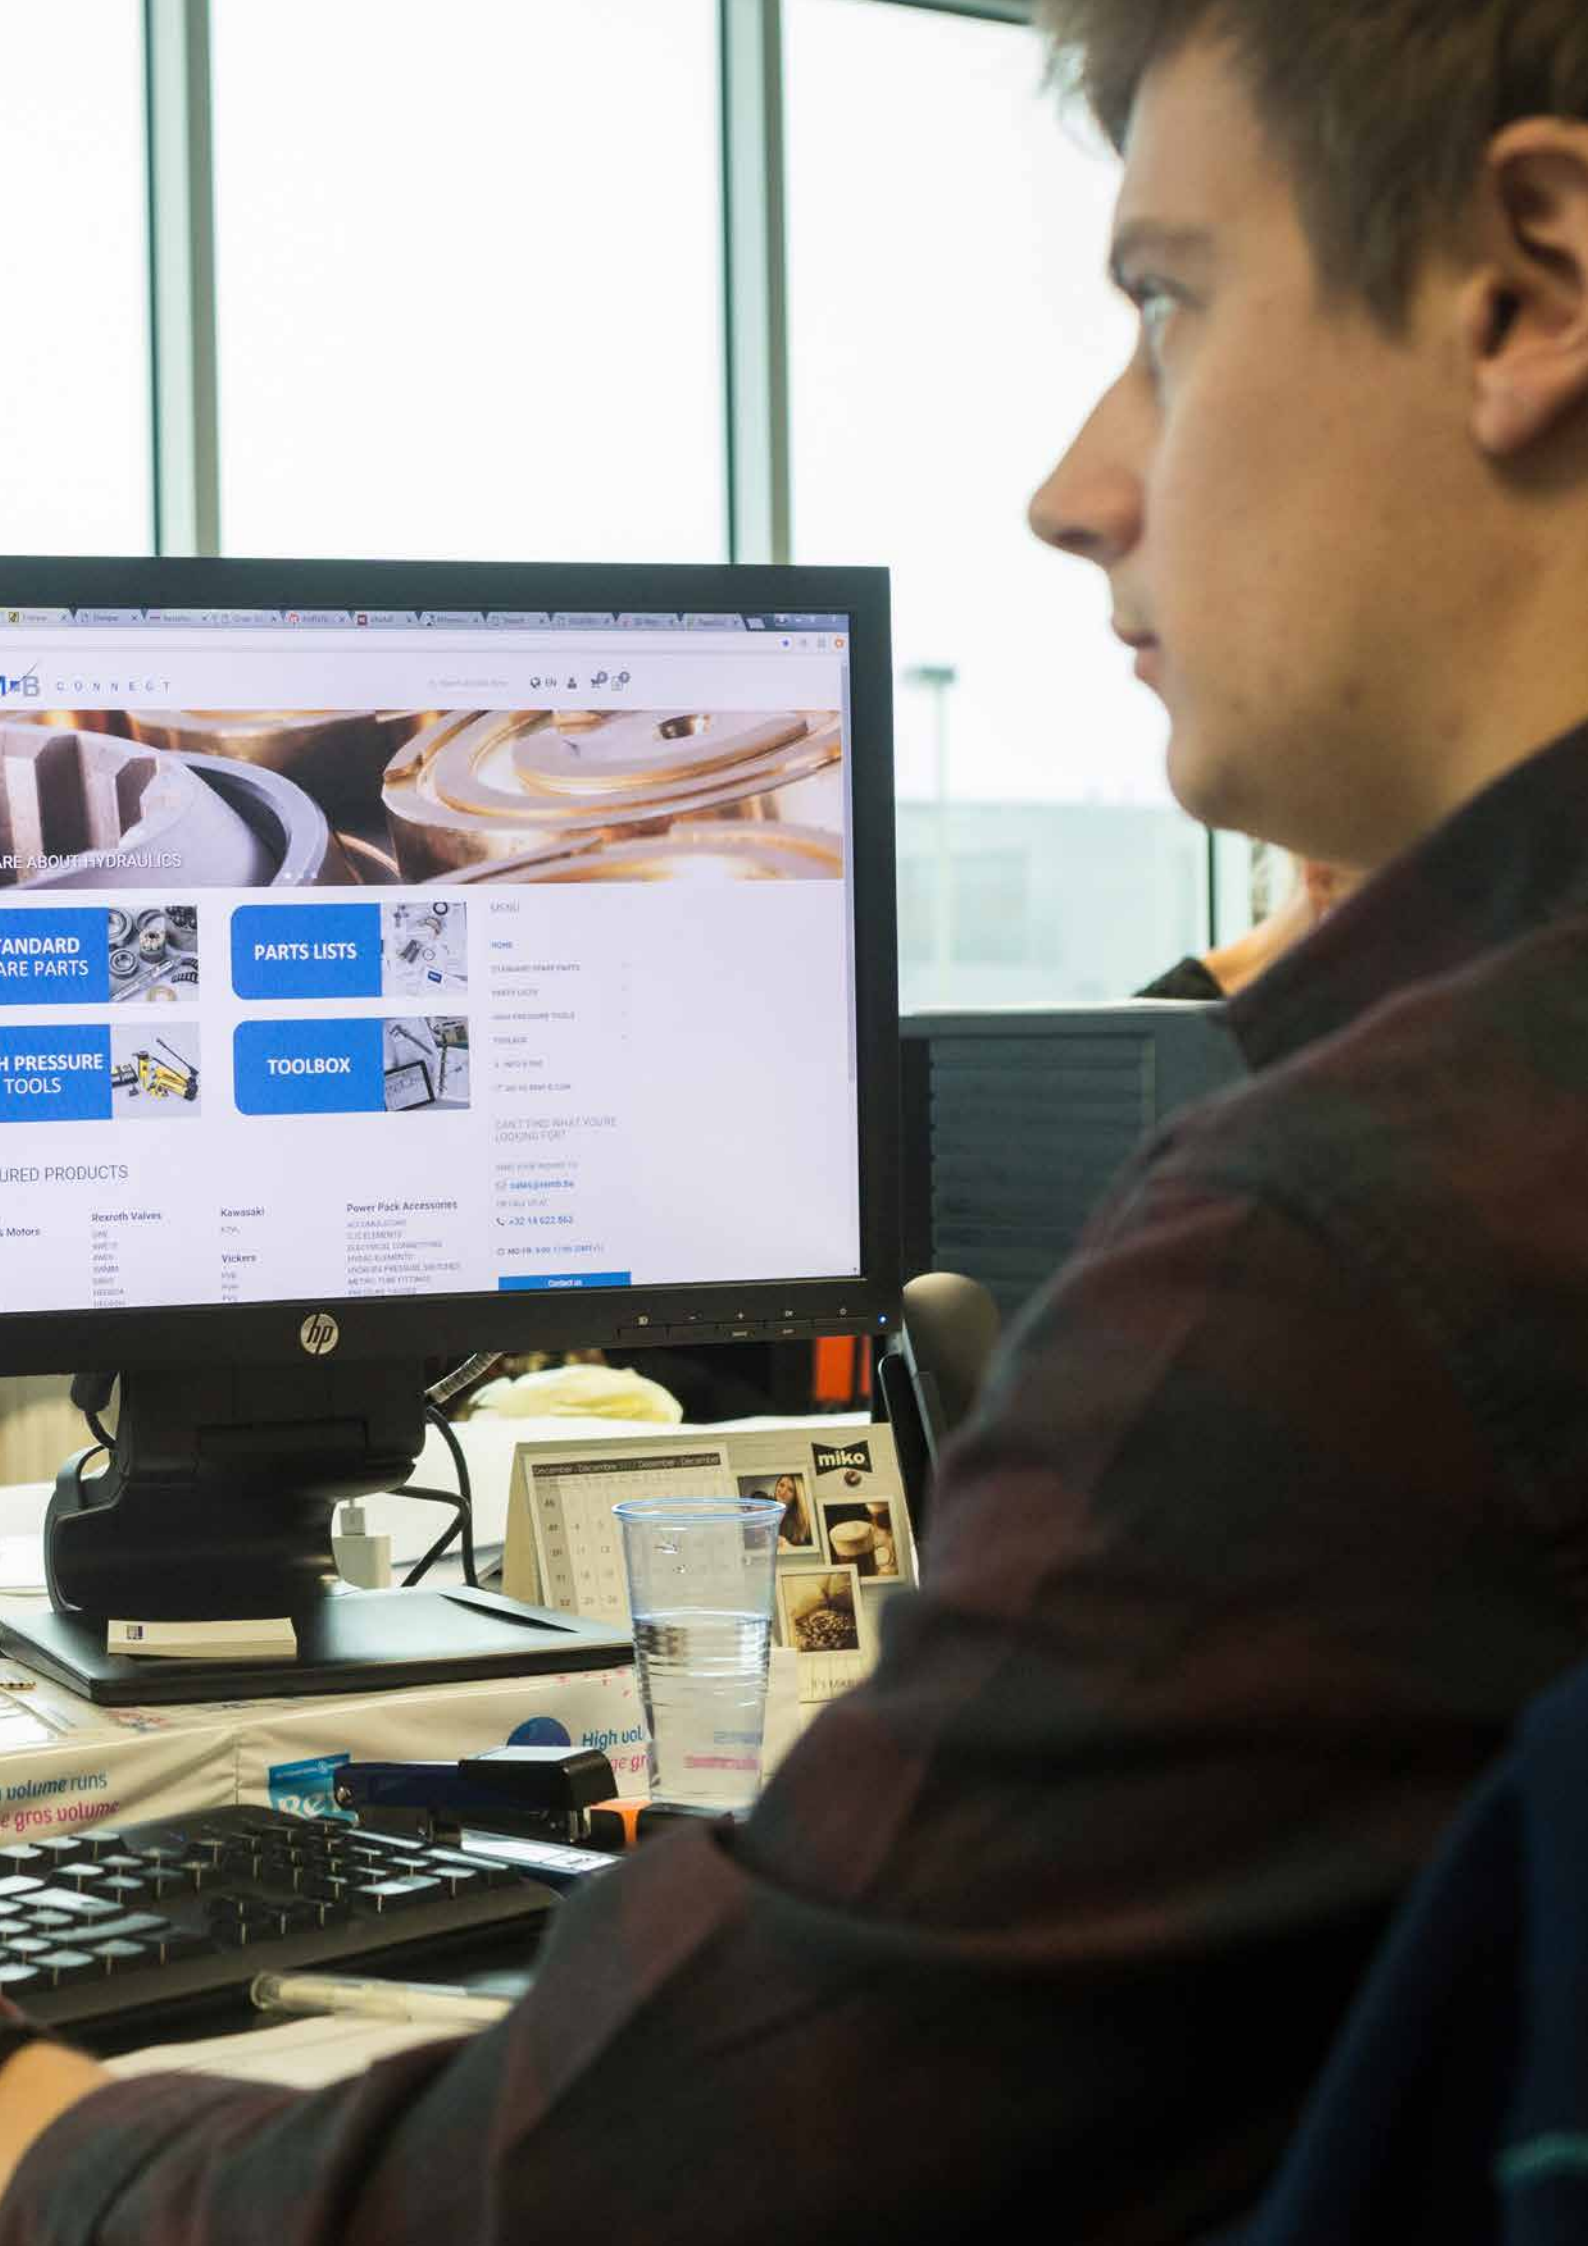

REM-B CONNECT

REM-B CONNECT, our online information portal, offers a wealth of hydraulic information for all our registered customers:

- ▶ 500,000 references
- ▶ 50,000 parts lists with drawings
- ▶ Technical documentation, catalogues and tools
- ▶ Online price requests and ordering
- ▶ Real-time stock
- ▶ EATON VICKERS
- ▶ BOSCH REXROTH
- ▶ KAWASAKI
- ▶ ENERPAC
- ▶ PARKER
- ▶ AVENTICS
- ▶ LINDE
